# How It Works

01

## Choose a package

Once you have chosen a package that fits your business's needs and budget, let me know, and we will get started!

02

## Make it OFFICIAL

Before we start creating, we will need to make things official with a contract of agreement so that we are both on the same page.

Afterward, I will send over a questionnaire to learn more about your business and ideal customer.

03

## STRATEGY call

This is where we will dive deep into the questionnaire's answers and start building your content calendar.

04

## Start creating

After our meeting, I will get started creating content for the content calendar!

# Working Together

## Things to know

I work with my clients in three month agreements.

I can only hold your spot for 48 hours after the contract has been sent. If I don't receive a signed contract I can not hold your spot.

I only offer a set amount of spots each quarter, so if it's full I do offer a waitlist.
